International Mathematical Union (IMU)

Friends of the IMU (FIMU)

THE IMU BREAKOUT GRADUATE FELLOWSHIP PROGRAMME

NOMINATION FORM

Thanks to a generous donation by the winners of the Breakthrough Prizes in Mathematics, the IMU*, with the assistance of FIMU**, has the possibility of awarding a limited number of Breakout Graduate Fellowships.

Professional mathematicians are invited to nominate highly motivated and mathematically talented students from developing countries who aspire to complete a doctoral degree in a developing country, including their own home country. For a nomination to be eligible, the country of citizenship of the student, the country of residency and the country where the study will take place must be contained in the following list. List of developing countries.

LMS*** will administer this programme on behalf of IMU and will liaise with the awarded nominees.

*The International Mathematical Union (IMU) - www.mathunion.org - is an international non-governmental and non-profit scientific organization, with the purpose of promoting international cooperation in mathematics. The main objectives of the IMU are to promote international cooperation in mathematics, to support and assist the International Congress of Mathematicians and other international scientific meetings or conferences, and to encourage and support other international mathematical activities considered likely to contribute to the development of mathematical science in any of its aspects, pure, applied, or educational.

**The Friends of the IMU (FIMU) - www.friends-imu.org - is a non-profit corporation that supports the activities of the International Mathematical Union.

***The London Mathematical Society (LMS) - www.lms.ac.uk - is a registered charity for the advancement, dissemination and promotion of mathematics in the UK and worldwide.

More information about the Breakout Graduate Fellowships can be found here.

The nomination form has to be filled out online by the nominator. Changes after submission are not possible. Only files in PDF format can be uploaded.

Material to be uploaded during the process:

- Statement from nominator
- Scanned copy of student nominee passport
- Official letter of pre-acceptance in the PhD Programme
- Budget of annual expenses
- PhD Supervisor CV (max. 5 pages)
- Research Project
- Two (2) letters of recommendation (Letters may not be written by nominator)
- Transcripts of coursework (certified copies)
- A) BSc degree or equivalent
- B) MSc degree or equivalent
- Nominee CV
- Nominee letter of motivation, including future plans
- Nominator declaration
- PhD Supervisor declaration
- Nominee declaration

*** THESE FIELDS ARE MANDATORY AND NOMINATION CANNOT BE COMPLETED IF MISSING**

LETTER OF MOTIVATION AND FUTURE PLANS BY THE STUDENT ? *

Please **attach a short letter** of motivation by the candidate describing why he or she is seriously interested in pursuing a career of research and teaching in mathematics. This statement should include:
a) outline your career objectives and demonstrate how the studies you plan to undertake will contribute to these objectives;
b) give details of the work you aim to pursue after completing your studies and
c) if applicable, explain how it will contribute to the future development of your country.
(**Note:** Please do not exceed 350 words. You must include a word count at the top of the page.)
