Please tick to indicate the following are attached:

<input type="checkbox"/>	A document (max. 5 pages) describing the nominee's program and reasons for the nomination (including a description of the nominee's impact on the field)
<input type="checkbox"/>	A one-page summary statement
<input type="checkbox"/>	An account of the genesis and dissemination of the nominee's work and the roles of the people involved, with brief curricula vitae of the key persons (max. 10 pages);
<input type="checkbox"/>	Electronic copies of three publications that reflect the nominee's work related to the practice of mathematics education (e.g., journal articles, textbooks, other instructional materials, or CD-ROMs); (if a publication is not written in English, an English translation of a key part – e.g. an abstract – and an independent statement on the publication's quality written in English – e.g. a review – should be provided)
<input type="checkbox"/>	At least three and no more than five letters of support (from different stakeholders and, if possible, by scholars from different countries)
<input type="checkbox"/>	Names and e-mail addresses of two persons who could provide further information, if needed
