15th International Congress on Mathematical Education

7-14 July 2024 • ICC Sydney, Australia

Come and be counted

Register your interest now!

The International Congress of Mathematical Education (ICME) is the largest mathematics education conference in the world. Every four years this event connects over 3,000 people who share a passion for mathematics education research and the practice of mathematics teaching at all levels.

The 15th International Congress on Mathematics Education will be held 7-14 July 2024 in Sydney, Australia. The first in-person ICME congress in eight years, this interactive, relevant, and dynamic event is not to be missed.

Come and be counted!

- Informative and provocative talks from established and emerging thought leaders from around the world
- Contribute to vibrant and innovative discussion groups and reimagined interactive workshops
- Participate in your choice of two Topic Study Groups from an extensive range of topics
- Enjoy unique experiences to explore Sydney with your fellow delegates

Acknowledgement of Country

We acknowledge the Traditional Owners of the lands and waters throughout Australia, and pay respect to the Elders past, present and emerging. We recognise the importance of connection to culture, land, kinship and community to the health and wellbeing of Aboriginal & Torres Strait Islander families. We acknowledge the cultural practices and traditions still carried out today and being passed down to future generations.
