1st Sept. – 1st Oct. 2015 Submission of
posters by those intending to apply for the solidarity
fund

The submission process for papers to be presented at ICME-13 has now been opened. It will be possible to submit a paper until 1st October 2015.

The submission can be made via Conftool using this [link](#).

In addition, those researchers intending to apply for the solidarity fund, shall submit a poster if they wish to participate with a poster instead of a paper. Regular poster submission will be from 1st – 31st January 2016.

All submissions – papers and posters – have to be related to one of the 54 Topic Study Groups, so it is necessary to select the right TSG in advance.
