12. Jalal-Abad State University;
13. Talas State University;
14. Naryn State University;
15. Issik-Kul State University;

There are more than 200 professors of mathematics work in Kyrgyzstan.

There is more than 1000 researchers work on mathematics studies in Kyrgyzstan.

There is Mathematical Society of Kyrgyzstan which includes 250 members.

Some of Kyrgyz mathematicians are well-know world-wide.

Here it is a list of Kyrgyz mathematicians who are considered to be well-known world-wide mathematical community. They are:

Imanaliev M., Borubaev A., Zhainakov A. Sharshenaliev J., Pankov P., Sadabaev A., Alekseenko S., Asanov A., Kakishov R., Karimov S., Alymkulov K., Jusupbaev A., Jayanbaev J., Dzhuraev A. and others.

The Kyrgyz mathematicians publish more than 100 publications in well-known mathematical journals during the recent years.

In Kyrgyzstan there are following mathematical magazines:

1. Research on the Integra-differential Equations;
2. News of a National Academy of Sciences.
3. Kyrgyzro Bulletin of National University. Physical and Mathematical sciences.
4. Bulletin of the Osh State University. Physical and Mathematical sciences.
5. Science and New Technologies.

The educational curriculum on Mathematics in Kyrgyzstan includes the following parts:

Preschool education - 1-2 years;

Initial secondary education - 4 years;

Incomplete secondary education - 5 years;

Complete secondary education - 2 years (certificate about secondary education);
