

Curriculum Vitae of Dietmar Hömberg

Position: Full Professor at TU Berlin
Head of RG Nonlinear Optimization and Inverse Problems
at WIAS and
adjunct Professor at NTNU Trondheim

Affiliation: Weierstrass Institute for Applied Analysis and Stochastics
Mohrenstrasse 39, 10117 Berlin, Germany

Research interests

Phase transitions, optimal control of PDEs, optimal shape design, nonlinear optimization

Employment

since 2014 adjunct professor, Norwegian University of Science
and Technology, Trondheim

since 2003 Full professor, Technische Universität Berlin
and head of research group “Nonlinear Optimization and Inverse Problems” of WIAS

1994–2003 Research associate, WIAS Berlin

1988–1994 Research assistant, University of Essen

Academic degrees

2002 Habilitation, Technische Universität Berlin

1993 Ph.D. University of Essen

1988 Diploma, University of Münster

Funding

- more than 15 third-party funded research projects (German Science Foundation, German Ministry of Research and Education, direct industry funding, Horizon 2020 and COST)

Honors, awards, service

- Chair of ECMI Research and Innovation Committee
- Vice-chair of Technical Committee 7, International Federation for Information Processing (IFIP)
- Chair of Cost Action TD1409 (Mathematics for Industry Network), 2018–2019
- President of European Consortium for Mathematics in Industry (ECMI), 2016–2017
- Coordinator of European Industrial Doctorate (EID) project “MIMESIS – Mathematics and Materials Science for Steel Production and Manufacturing”, 2015–2019

Research and supervision

- more than 50 Journal articles
- 1200 Citations, h-index 20 (Google Scholar)
- Supervision of 9 PhD students and 12 MSc students at TU Berlin since 2012
