To all ordinary members of ICM2002:

Volume I of the Proceedings of ICM2002 will be published no later than Feb. 2003. This volume will be mailed to you at the address that you provided at registration. *Please check your address carefully.* If there will be any changes with your mailing address, please inform `wangyu_zhang@263.net` before the end of this year. Thank you.

Farewell

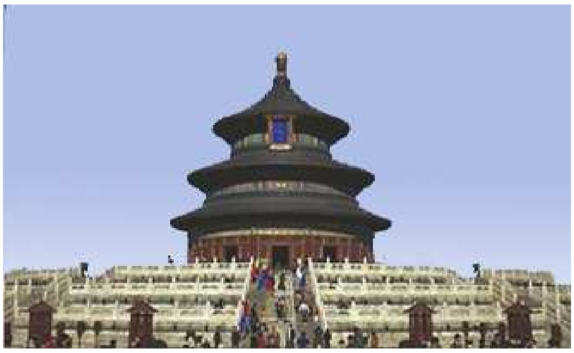
Thank you all for coming to Beijing and for participating in the ICM2002! We hope that you all have enjoyed your stay here and profited from the scientific program of the ICM. We also hope that you could afford some time for touristic activities and have experienced some of the fascinating facets of Beijing. The ICM2006 will be held in Madrid, Spain. Many of you probably go to the next ICM as well. So let's pass the baton to Madrid with best wishes. We all looking forward to another successful ICM!

ICM2006 in Spain!

On behalf of the Spanish mathematical community, the Spanish IMU committee is very pleased to invite all of you to attend and participate in the next ICM, to be held in Madrid, Spain, from August 20 to August 27, 2006. We extend our welcome to the IMU national delegates to the next General Assembly in Santiago de Compostela, Spain.
We congratulate the organizers of the Beijing ICM2002 for the superb organization, for the enthusiasm they have been able to generate within the community and for the warm hospitality they have offered to all of us during our stay in China. A difficult act to follow, but we will do our best.

We hope to see all of you in Madrid in four years time to celebrate mathematics and international cooperation.

Agur, Ata pronto! A reveure! Hasta la vista!



See You in Madrid
