IMU AO Circular Letter 4/2016

To: The Adhering Organizations of the International Mathematical Union (IMU)

From: Helge Holden, IMU Secretary

The IMU Breakout Graduate Fellowship Program

Dear colleagues,

The IMU is today launching the novel IMU Breakout Graduate Fellowship Program.

Thanks to a generous donation by the winners of the Breakthrough Prizes in Mathematics – Ian Agol, Simon Donaldson, Maxim Kontsevich, Jacob Lurie, Terence Tao and Richard Taylor – IMU with the assistance of FIMU and TWAS is today launching a fellowship program to support postgraduate studies in a developing country, leading to a PhD degree in the mathematical sciences. The IMU Breakout Graduate Fellowships will offer a limited number of grants for excellent students from developing countries.

The deadline for nominations is 09:00 am CET on 22 June 2016. Further information can be found in the attachments.

Please help us in making this initiative widely known.

Sincerely

Helge Holden
Secretary of the International Mathematical Union
