About

Since 2010, the IMU Conference Support Program has been dedicated to aiding conferences. This initiative provides partial funding for conferences and research schools related to mathematical sciences, specifically by covering travel and accommodation costs for invited speakers and participants from developing countries.

Support Program**

Bringing Mathematicians
Together Across Borders

Funding

The IMU Conference Support Program is financed by the IMU, with additional support from contributions from individuals and institutions.

This initiative enables organizers to welcome students and speakers from developing regions, granting them the chance to attend conferences and research schools. This fosters knowledge exchange and networking opportunities with other mathematicians.

Selection

Conferences and research institutions are chosen based on their academic excellence and the advantages they will bring to the region. Activities should contribute to the advancement of mathematical knowledge in the region but also strengthen the local academic infrastructure.

Our Impact

429 Activities Supported

73 Countries Impacted

Program Benefits

The program provides grants ranging from €1,500 to €4,000 to help cover travel and accommodation expenses for invited speakers or participants from developing countries.

” Our Grantees

“The IMU-CDC grant ensured a diverse and inclusive scientific program, strengthened regional and international collaboration, and fostered meaningful exchanges that contributed significantly to the workshop’s academic and social impact.”

– Le Minh Ha, Vietnam Institute for Advanced Study in Mathematics, Vietnam
Organizer of Retreat for Women in Applied Mathematics - Southeast Asia 2025

“EMALCA Honduras 2025 was attended by more than 90 people, most of them students of mathematics or related fields from Central America. The grant was essential in allowing participation by students from the region.”

– Ivan Henriquez, Universidad Nacional Autónoma de Honduras. Honduras
Organizer of EMALCA Honduras 2025
